## Discontinuation of E-873.1A1, E-873.1AR

### Change Description

The E-873.1A1 and E-873.1AR are discontinued.

### Impact and Reasons

The Q-Motion® controller E-873.1A1 is discontinued. The E-873.1AT offers the same functionality at a lower price.

The Q-Motion® controller E-873.1AR is discontinued. The E-873.1AT offers more interfaces at a slightly higher price.

### Recommended Action

Existing E-873.1A1 customers looking for a replacement should consider the E-873.1AT which is the same controller with a simpler housing.

Existing E-873.1AR customers looking for a replacement should consider the E-873.1AT which is the same controller with additional SPI, TCP/IP and RS-232 interfaces.
