

## PISeca Sensor Cable

For Capacitive Single-Electrode Sensors

### D-891.0xx

- Cable lengths 1 m and 2 m
- Variants with angled connector
- Easy mounting

#### Easy handling and integration

PISeca sensor heads and the cables for connecting to the evaluation electronics are equipped with LEMO connectors for easy mounting.

#### Calibrated system

Sensor, cable, and evaluation electronics are delivered as a calibrated system. Therefore, the cable must be ordered together with the sensor and the electronics.

### Ordering Information

#### D-891.01E

PISeca Sensor cable, 1 m

#### D-891.02E

PISeca Sensor cable, 2 m

#### D-891.01A

PISeca Sensor cable, 1 m, angled connector

#### D-891.02A

PISeca Sensor cable, 2 m, angled connector
